Dear Sir

I specialise in dealing with national and international criminals: I started this project in 1998 when in the University of Greenwich that still owes me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) and since then terrorised ever since, so found a way to cope with it : [https://archive.org/details/dealing-with-international-criminals-digital\\_202405](https://archive.org/details/dealing-with-international-criminals-digital_202405) I do not care where they come from, and right now the criminal that I am focussing on bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators with the University of Greenwich. Hiding above the Circuit Judge in the Central County Court have been two Monarchs, Queen Elizabeth who I described two decades ago as a wicked and evil green witch, who ordered my persecution in the United Kingdom and the mantle was then handed over to her successor King Charles III in accordance with divine right of Kings and Queens to rule over the population as Absolute Monarch: [https://archive.org/details/dictatorial-monarch-in-the-united-kingdom-digital\\_202405](https://archive.org/details/dictatorial-monarch-in-the-united-kingdom-digital_202405) . Dear Stripe

1. Thank you for taking my complaint seriously.
2. I had intended to raise this matter in the House of Commons with the Petition below but will put that on hold pending your deliberations:

**PETITION FOR A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM**

**(Working draft: 21.23 pm 6 July 2024)**

I specialise in dealing with national and international criminals: I started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who then and since then terrorised me, but I found a way to cope with it. I do not care where they come from, and right now the criminal that I am focussing on bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators with the University of Greenwich. But was the Circuit Judge processing Claim E35YM660 against the Prime Ministers or were there forces above him that had been doing so, I pondered over.

Hiding above the Circuit Judge in the Central County Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordered my persecution in the United Kingdom over 26 years by defaming me and consigning me to the Mental Health Services of the State; the mantle then handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration due to the United Kingdom being a permanent member of the Security Council of the United Nations. It is for fighting for justice that the petitioner was intensely persecuted by the State.

Such criminals need to be brought to Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt

individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police do not have the resources or the will to investigate and prosecute perpetrators.

A Written Constitution would prevent the Monarchist Establishment from the tyrannical persecution of those like the petitioner who campaign for truth, justice and democracy, for these ethics if pursued by the State authorities will bring corruption to an end in society. The Monarchial Establishment operates in secrecy manipulating businesses and Media who then hoodwink the public with fake news and propaganda so that they can escape justice. They manipulate the Police to frame allegations against individuals who stand in the way of their corrupt practices. Similarly they manipulate the Judicial processes of the State against selected civil and criminal litigants, which the petitioner has personal experience of and has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself who it is assumed are immune from legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would hide behind to deliberately deprive litigants of justice.

3. In the meantime, I am continuing with business as usual having noted the following:

So Labour have a thumping majority of 411 seats

That's 63% of Parliament...

...but they only got 32% of the vote

And fewer votes than in the last 2 elections ( which they lost!)

Does that seem fair? Or is there a better way??!!

No pay, just work for a better way of life for oneself, one's family and society. We are very well endowed with knowledge of the Self.

TCLP-UK has much in common with the reform agenda of the Reform (UK) Party and although during the course of the past 6 weeks with an election to contest with TCLP-UK also evolving, the author/Founder blocked me from contacting the Party by email. I am a fully paid Member of the Party nonetheless because until TCLP-UK establishes itself with its own Membership through <https://app.joinit.com/o/vishista-advaita-sampradaya-tclstclp-uk/> there is campaigning to be conducted.

Both Nigel Farage and Richard Tice are honourable men and we wish the Reform (UK) Party to get more than a foothold in the House of Commons:

### **PETITION FOR A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM**

**(Working draft: 14.14 pm 7 July 2024)**

I specialise in dealing with national and international criminals: I started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who were then and have since then terrorised me, but I found a way of coping with it. I do not care where they persecutors come from, and right now the criminal that I am focussing on for bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators operating with the University of Greenwich against me. But was really the Circuit Judge processing my Claim E35YM660 against the successive Prime Ministers responsible for the miscarriage of justice or were there forces above him/her that had been doing so; I pondered over for a long time.

Hiding above the Circuit Judge in the Central County Court, the Court of Appeal and the Supreme Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordering my persecution in the United Kingdom over the 26 years of my suffering defamation and consigning me to the Mental Health Services of the State; the mantle then being handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out the reality of what I was confronted with I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration seemingly because the United Kingdom was a permanent member of the Security Council of the United Nations which had veto powers over what this Court could process. It is for fighting for justice in this manner that the petitioner was intensely persecuted by the State over these years with the employment of the Security Services of M15/M16 and the Police. Such criminals need to be brought to appropriate Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police have not the resources or the will to investigate and prosecute perpetrators or are prevented from doing so by the Monarchial Establishment.

A Written Constitution would prevent the Monarchial Establishment from this form of tyrannical persecution of those who campaign for truth, justice and democracy, for these ethics if pursued by the State authorities through political means in Parliament would bring corruption to an end in society. The Monarchial Establishment operated in secrecy manipulating businesses and Media too who have then hoodwinked the public with fake news and propaganda so that they the petitioner who stood in their way of corrupt practices by employing freedom of expression. Similarly they manipulated the Judicial processes of the State against the petitioner in civil and criminal proceedings as a litigant, which whose personal experience of has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself to flush them out in the open but the public is supposed to believe that Monarchs are immune from the legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would then hide behind to deliberately deprive litigants of justice.

2. I had intended to raise this matter in the House of Commons with the Petition below but will put that on hold pending your deliberations:

## **PETITION FOR A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM**

**(Working draft: 14.14 pm 7 July 2024)**

I specialise in dealing with national and international criminals: I started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who were then and have since then terrorised me, but I found a way of coping with it. I do not care where they persecutors come from, and right now the criminal that I am focussing on for bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators operating with the University of Greenwich against me. But was really the Circuit Judge processing my Claim E35YM660 against the successive Prime Ministers responsible for the miscarriage of justice or were there forces above him/her that had been doing so; I pondered over for a long time.

Hiding above the Circuit Judge in the Central County Court, the Court of Appeal and the Supreme Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordering my persecution in the United Kingdom over the 26 years of my suffering defamation and consigning me to the Mental Health Services of the State; the mantle then being handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out the reality of what I was confronted with I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration seemingly because the United Kingdom was a permanent member of the Security Council of the United Nations which had veto powers over what this Court could process. It is for fighting for justice in this manner that the petitioner was intensely persecuted by the State over these years with the employment of the Security Services of M15/MI6 and the Police.

Such criminals need to be brought to appropriate Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police have not the resources or the will to investigate and prosecute perpetrators or are prevented from doing so by the Monarchial Establishment.

A Written Constitution would prevent the Monarchial Establishment from this form of tyrannical persecution of those who campaign for truth, justice and democracy, for these ethics if pursued by the State authorities through political means in Parliament would bring corruption to an end in society. The Monarchial Establishment operated in secrecy manipulating businesses and Media too who have then hoodwinked the public with fake news and propaganda so that they the petitioner who stood in their way of corrupt practices by employing freedom of expression. Similarly they manipulated the Judicial processes of the State against the petitioner in civil and criminal proceedings as a litigant, which whose personal experience of has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself to flush them out in the open but the public is supposed to believe that Monarchs are immune from the legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would then hide behind to deliberately deprive litigants of justice.

With no replies, I had to go it alone so incorporated and revised the Constitution of TCLP-UK in the About Page of The Conservative Libertarian Society website as follows:

**THE POLICY OF A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM PROPOSED BY THE  
 CONSERVATIVE LIBERTARIAN PARTY OF THE UNITED KINGDOM**

***(Working Draft: 09.50 am 8 Jul 2024)***

**Preamble**

People need to know where they stand in relation to the government under which they live.

**The ethos and principles of The Conservative Libertarian Society  
 (<https://theconservativelibertariansociety.com>)**

The Conservative Libertarian Party of the United Kingdom (TCLP-UK) situated at <https://www.theconservativelibertariansociety.com/blank> is the political offshoot of the Global Movement The Conservative Libertarian Society' (TCLS) which currently also incorporates TCLP-USA situated at <https://the-conservative-libertarian-party-of-usa.odoo.com/>

TCLS and its offshoot subscribers are Vishista Advaita Vedantists (see <http://vishistaadvaitavedanta.com>), a universal religion that acknowledges the existence of a Personal God that they have named as being Sri Krishna-Durga but as humans they practice karma (actions) in sanatana dharma independent of God. A human being can be God through satya-advaita yoga of oneness with truth and through the mental loss of attachments to act

spontaneously, nonchalantly and unpremeditatedly, eventually without inhibitions; yet even at it's peak the person becomes at one and yet distinct from God in what is termed achintya bhed abhedha tatwa. The religious congregation is named Vishista Advaita Sampradaya that is free of the biases of caste, race, language and sexual differences between individuals.

TCLP-UK is currently not an accredited political party registered with the Electoral Commission and has no members or officials apart from the Founder and Leader of the TCLS and the Party, Dr Shantanu Panigrahi.

The philosophy of TCLS and hence TCLP-UK is security for liberty and liberty for security. This is the essence of living. We need to be very careful in making our decision on actions that we should take every moment of life by a thorough understanding of the laws of Nature, and taking opportunities to better ourselves materially and spiritually through the passage of time in a risk-averse attitude that conserves and builds the material and spiritual 'house' that we live in. This is the meaning of Environmental Sustainability at an individual level. One step at a time and see which way the wind blows before jumping on to the next step to try and enhance one's prospects for self-preservation and the appropriate development of the family and the wider society that we are governed by to regulate and control our human activities. Being libertarian per se is not the objective of the personal or communal struggle. One cannot isolate oneself from wider humanity, for we cannot each individually do all of the things that we need to feed, clothe, house, study and develop our knowledge which is the fundamental basis of actions individually and collectively. We need like-minded people according to the saying birds of a feather flock together to create a Party of political activists who would argue their case and take part in democracy to influence changes to the society in a peaceful and totally non-violent manner, not even protesting on the streets; by persuasion of ones principles and belief-led mission to better ourselves in our mental development and better our chances of survival in a tough Nature that restricts our abilities to act selfishly and in greed for gathering in the natural resources for our own consumption from the Planet that we inhabit. This is the ethos of Conservative Libertarianism, and it is a semi-secular conception in the sense that while we know God is the Creator of the universe and is a Personal God for those of faith, Nature has a built-in Gaia mechanism of checks and balances that carves the path to the emergence of new races and species of life forms on Earth; the existence of God should not concern humanity which has to mind its own business. It is therefore imperative that we focus only on taking the right decisions ourselves without resort to a higher authority, be that human or spiritual in being a Conservative Libertarian.

TCLP-UK believes that of paramount importance, the United Kingdom must have a Written Constitution to begin with and in the longer term develop the nation into a Cultural Republic through the structures of democratic and law enforcement institutions that the Constitution must incorporate a declaration on human rights. By Cultural Republic, we swear allegiance to the Monarchial Establishment once we have shaped it to essential democratic imperatives that come from understanding human nature and its diversity.

TCLP-UK has learnt through the Founder's travel journey that ideals of truth, justice and democracy is not possible without structural changes to the Constitution of the United Kingdom because without changes society cannot prevent the present unwritten Constitution being misinterpreted by vested interests for corrupt purposes and across the board of the State. The Party has experienced tremendous shortcomings in this regard and so campaigns for started with prescribing an amended Constitution through due process in the Houses of Parliament, primarily by instituting a Select Committee specially convened for the purpose because the Party had gone through all other processes of Parliament and Courts and it has not received a

positive response for this much-needed change. The objective of the Party is to develop a mild form of Republican Constitution that incorporates a Cultural Monarchy as the Head of State with a Written Constitution that keeps people well informed on who is in charge of the procedures of the Houses of Commons and Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials of the State institutions and agencies against whom a citizen can successfully prosecute in civil and criminal courts; these amendments that will make people and institutions across the board accountable to the public into the fundamental principles of truth, justice and democracy.

For these objectives to be met TCLS and hence TCLP-UK foster a State composed of a Royal Family with a difference in that the Monarch is assigned the status of a semi-ceremonial King or Queen (hence-forth entitled the Cultural-Monarch with implicit duties over the House of Lords, the revision chamber of Parliament that functions as in the traditional democratic institutions the House of Commons being elected a political institution derived from an electorate of 18-aged plus citizens up to the 85 years of age, this upper age limit being set by the medical determination that the productive capacity of individuals to contribute to the State is limited to by their age when their judgments become haphazard from senile day, dementia/Alzheimer's and other disorders in physical and mental attributes. This would apply also to the Cultural Monarch as the figure-head Head of State, who should further only remain in that position for a fixed reign of 20 years at a single stint following which his or her continuation in the role must be put to the electorate in a referendum when people have the opportunity to judge whether he or she has discharged his/her duties to the State to an acceptable standard. Within this ethos, Parliamentary decisions on enactment of laws are to be revised by the traditional process by peers in the House of Lords as currently in place with the scrutiny being final and simply rubber-stamped by the Cultural Monarch. The Privy Council will be renamed as the Royal Board with altered functions as an institutional chamber to direct the democratic processes of the House of Lords on behalf of the Cultural Monarch who will only sign on the dotted line for final endorsement of a Parliamentary decision. By making the House of Lords an elected chamber, it would be the second chamber whose decisions are final on Bills enacted at the House of Commons.

Thus, the House of Lords as an elected Chamber can override the decisions of the Prime Minister in the House of Commons after the usual three revisions of legislation voted on in Lower Chamber as a Bill goes to and fro until agreement is reached between the Prime Minister and the House of Lords.

The House of Commons will be political Parliament according to party-politics but the House of Lords will be apolitical. Being the Administration of Parliament all government Ministers will be appointed by the Prime Minister from the lower chamber and the Civil Service will be attached solely to this Executive.

The present Privy Council with intersections with different elements of the State will therefore be abolished by its Royal Board replacement as an independent body attached interfaced between the House of Lords and the Cultural Monarch; to the latter as an advisory institution ceremoniously signing on the dotted line. The Royal Board will be responsible for the selection of candidates applying to stand independently in elections to the higher Chamber of Parliament. It will appoint 3 candidates in each of enlarged Constituency with the First past the post system of election. The House of Lords will have 200 peers.

Legislation proceedings in the House of Commons will therefore continue to be read any kind of Royal scrutiny by the Cultural Monarch's speeches at the beginning of each term of Parliament

and the proceedings in each chamber will be conducted by the Speaker elected from within each House that will set out the Bills for debating in the next Session of Parliament; the Speakers thereby only giving ceremonial assent to the Bills from the Executive presented by the Prime Minister for debate and amendments in the Lower Chamber implementing the policies of the Party that that form the government as a result of who wins the general elections. The House of Lords revision of Bills will be restricted to only those formulated in the House of Commons.

The Prime Minister will not have audience with the Cultural Monarch during a Parliament.

TCLP-UK will therefore reform of the House of Commons and the House of Lords as elected chambers of Parliament. The Executive will be appointed as the Prime Minister by the elected political parties with no requirement of Royal prerogative powers for government Bills have to be agreed with the House of Lords. The Commons will remain the administration of government without being subjected to the daily oversight of the House of Lords and Royal Board headed by the Cultural Monarch except for the enactment of Bills voted for by Members of Parliament in the lower chamber after its passage through the House of Lords. The Cultural Monarch will solely appoint the members of the Royal Board, which will have 12 selected officials. This would be the only power of the Cultural Monarch in the government of the nation.

The Prime Minister in the House of Commons and will write Speaker's Speech in the House of Commons with the Speaker delivering it from the Executive in a ceremonial role. The Commons will therefore not take directives of the Cultural Monarch. The House Lords who would be elected every 10 years whereas the House of Commons will have fixed 5-year terms with the Prime Minister not having the power to call an earlier general election at any time without a vote in the Lower Chamber decided by a simple majority. The House of Lords will not have the power to intervene when the general election is held.

There will be devolution of political administration to local elected Councils and regional States under Federation as Scotland, Wales, Northern Ireland and England Overseas Dependencies and Territories such as the Falkland Islands. These territories will be free to make their own decisions on how their local governments operate through votes in local referenda without having to seek approval from Westminster.

### **Rationale for Amendment to a Written Republican Constitution**

TCLP-UK has on 17 May 2024 became a Republican Party, for reasons set out here:

<https://www.theconservativelibertariansociety.com/post/the-conservative-libertarian-party-of-the-united-kingdom-turns-republican>.

The government must serve the people, not the people serve the government.

The Founder of TCLP-UK has specialised in dealing with national and international criminals that he started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who were then and have since then terrorised me, but he found a way of coping with it. He did not care where they persecutors come from, and right now the criminal that I am focussing on for bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators operating with the University of Greenwich against me. But was really the Circuit Judge processing my Claim E35YM660 against the successive Prime Ministers responsible for the miscarriage of justice or were there forces above him/her that had been doing so; I pondered over for a long time.

Hiding above the Circuit Judge in the Central County Court, the Court of Appeal and the Supreme Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordering my persecution in the United Kingdom over the 26 years of my suffering defamation and consigning me to the Mental Health Services of the State; the mantle then being handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out the reality of what I was confronted with I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration seemingly because the United Kingdom was a permanent member of the Security Council of the United Nations which had veto powers over what this Court could process. It is for fighting for justice in this manner that the petitioner was intensely persecuted by the State over these years with the employment of the Security Services of M15/MI6 and the Police.

Such criminals need to be brought to appropriate Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police have not the resources or the will to investigate and prosecute perpetrators or are prevented from doing so by the Monarchial Establishment.

A Written Constitution would prevent the Monarchial Establishment from this form of tyrannical persecution of those who campaign for truth, justice and democracy, for these ethics if pursued by the State authorities through political means in Parliament would bring corruption to an end in society. The Monarchial Establishment operated in secrecy manipulating businesses and Media too who have then hoodwinked the public with fake news and propaganda so that they the petitioner who stood in their way of corrupt practices by employing freedom of expression. Similarly they manipulated the Judicial processes of the State against the petitioner in civil and criminal proceedings as a litigant, which whose personal experience of has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself to flush them out in the open but the public is supposed to believe that Monarchs are immune from the legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would then hide behind to deliberately deprive litigants of justice.

The reason that there is no written Constitution in the United Kingdom is that Monarchists facilitate the Monarch to become dictatorial from time to time in the course of history which will be fine if that is what the majority of the population actually wish but it should be explicitly documented into a Written Constitution. People are then fully informed on what to expect from their government.

The change from unwritten to a written Constitution will not enable the Head of State to discharge his or her duties secretly from behind the scenes away from the public eye. The role of the Constitutional Head of State should be hereditary from the existing Royal Family but Parliament's Select Committee for Public Administration and Constitutional Affairs (PACAS) will decide the appropriate document for voting in both the Chambers of Parliament on what it should be whether limited as proposed by TCLP-UK to be a Cultural Monarchy or having

unlimited powers. The composition of this Select Committee should be 24 members, 12 each from the House of Commons and House of Lords. Each chamber of Parliament must have an internal Vote on the individuals who are selected to represent this Select Committee.

The Written Constitution must clearly outline the relationship between the Ceremonial Head of State and the Parliament at both House of Commons and the House of Lords.

The Written Constitution should be put to a Yes/No referendum of the population initially; and if there is a Yes decision from the electorate to have a Written Constitution all subsequent amendments to the Constitution when these take place through Parliamentary approval first must go to another referendum.

The Written Constitution should be prepared by the Select Committee who will be charged with this role, and document prepared must be subjected to a vote in the House of Commons chamber and then in the House of Lords before going to referendum.

The Head of State will continue to be known the 'His or Her Majesty'.

The Speaker of the House of Commons will be solely responsible for all the technical proceedings of each Chamber, not the Lord/Lady President who will never enter these Chambers for ceremonial functions. The Royal Assent to the current outline of the Executive's work to the Monarch in the House of Chambers will therefore be abolished.

The amendment to the present unwritten Constitution of the United Kingdom will therefore obtain clarity on the functionality of the State so that government officials are made accountable to the public at large, as these will be available to Courts to enter judgments in a written Constitution. Right now the Security Services can perpetrate tyranny on the people and the citizen has no chance of success in attempting to litigate and prosecute the police in the courts. Similarly one cannot litigate or prosecute the Prime Minister for causing untold misery to individuals because he or she is protected by the force of a dictatorial Constitutional monarchy secretly operating through preventing people knowing the relationships between the Monarch and the Prime Minister, the Security Services incorporating the Police, the Civil and Criminal Courts of the State, and the regulatory authorities at the Legal Ombudsman, the Parliamentary and Health Service Ombudsman the Solicitors Regulation Authority, the Bar Standards Board and the Financial Services Ombudsman. These inter-relationships need to be identified and set in stone through a Written Constitution for which the PACA Select Committee will have responsibility to undertake the task outlined through this parliamentary petition from the public.

The national anthem will be rewritten along the lines of nations internal functions nationally and its devolved and dependent territories and objectives of the people in strengthening the nation.

### ***Composition of the Houses of Commons and Lords***

Thus, whereas the House of Commons would be a political chamber involving political parties, the House of Lords will be apolitical comprising of independent peers only and no hereditary peers.

The Royal Board will sift through applicants wishing to be Members of the Revision chamber on their qualifications which must be a minimum of Upper Second-Class Undergraduate degree in any discipline followed by 15 years of work experience. Thus the peers would be a minimum of

45 years of age and all-inclusive otherwise of differences in gender, race, religion, sexual orientation and marital status.

### ***The Anglican Church***

The Head of State, Cultural Monarch will remain as the Head of the Anglican Church.

### ***Mental Health***

The Mental Health Institution should be incorporated within the Law Enforcement Process and subject to explicit and reformed basis upon which the Mental Health Act is operated without recourse to the Law that is presently constituted and operates on the basis of. Every decision of Consultant Psychiatrists and Mental Health professionals should be subjected to the Mental Health Tribunal before Sectioning of an individual takes place in the committal of the person to a mental hospital.

### ***Department of Justice***

The Civil and Criminal Courts will remain as the currently operate with the State Prosecution Service under a Department of Justice with the Supreme Court being solely the third level of civil and criminal proceedings under Appeal through the Court of Appeal brought to it by litigants and private prosecutions against all including the institutions of the State such as the Police and the rest of the Security Services such as M15/M16. The Courts must not interfere in the democratic process of the government in terms of day-to-day decisions and the enactment of laws. Thus the Courts and Tribunals will continue to be referred to as His or Her Majesty's Court and Tribunal Service but Law Enforcement (Police and Prosecution Service) will come under the sole supervision and management of the Ministry of Justice.

### ***Declaration of Human Rights***

TCLP-UK will not join the European Union and will withdraw from the European Court of Human Rights. Instead the Constitution will include a Declaration on fundamental human rights of all citizens which will guide the House of Lords to scrutinise Bills of the Lower House that violate the principles of this Declaration.

### ***Proportional Representation***

The First past the post electoral system for the House of Commons, local Councils and devolved Assemblies must be replaced with a proportional representation system.

### ***Approved ePetition at the Parliament Website***

In the absence of any of the current four political parties submitting these proposals to the due process of the House of Commons and the House of Lords despite detailed consultations, the only route identified by TCLP-UK was to submit a preliminary ePetition to the government and parliament for due consideration. TCLP-UK implemented the following petition.

What do you want the government to do:

Have an amended Constitution.

Institute a Select Committee Specially convened for the purpose as I have gone through all other processes of Parliament and it has not received a positive response.

To keep people better informed on who is in charge of procedures of the House of Commons and of the House of Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials against whom a citizen can successfully prosecute in civil and criminal courts of the United Kingdom.

***Click this link to sign the petition:***

<https://petition.parliament.uk/petitions/662817/sponsors/new?token=5E2Eaduj6JGBy6S9rdVV>

If I get 5 signatures, Parliament would have to consider making the petition go live, and if it gets past this hurdle following which 21 signatures are required for an interim decision by Parliament to TCLP-UK on the Petition and 100,000 signatures would get a reply to TCLP-UK from Parliament expected to be the present PACAS.

TCLP-UK believes that think young people especially should sign the petition. Politics will always be in total shambles in the United Kingdom unless the Constitution is Amended.

### ***Parliamentary Authorities for Queries from the Public***

Parliament at both Houses will be accessible to the population for information and advice and directions on due process should there be concerns through petitions in the government and House of Commons website for open government. The email addresses should be as follows:

contactholmember@parliament.uk

HCEnquiries@parliament.uk

hinfo@parliament.uk

pacac@parliament.uk

### **Public Petitions:**

TCLP-UK has instituted the following two public petitions:

1. <https://www.change.org/p/have-a-written-consitution-in-the-united-kingdom>
2. <https://you.38degrees.org.uk/petitions/develop-the-united-kingdom-into-a-republic>

THE CONSTITUTION OF TCLP-UK.pdf

PETITION TO THE HOUSE OF COMMONS(1).pdf

(a)

THE POLICY OF A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM PROPOSED BY THE CONSERVATIVE LIBERTARIAN PARTY OF THE UNITED KINGDOM

(Working Draft: 09.50 am 8 Jul 2024)

Preamble

People need to know where they stand in relation to the government under which they live.

The ethos and principles of The Conservative Libertarian Society

(<https://theconservativelibertariansociety.com>)

The Conservative Libertarian Party of the United Kingdom (TCLP-UK) situated at

<https://www.theconservativelibertariansociety.com/blank> is the political offshoot of the Global Movement The Conservative Libertarian Society' (TCLS) which currently also incorporates TCLP-USA situated at <https://the-conservative-libertarian-party-of-usa.odoo.com/>

TCLS and its offshoot subscribers are Vishista Advaita Vedantists (see

<http://vishistaadvaitavedanta.com>), a universal religion that acknowledges the existence of a Personal God that they have named as being Sri Krishna-Durga but as humans they practice karma (actions) in sanatana dharma independent of God. A human being can be God through satya-advaita yoga of oneness with truth and through the mental loss of attachments to act spontaneously, nonchalantly and unpremeditatedly, eventually without inhibitions; yet even at it's peak the person becomes at one and yet distinct from God in what is termed achintya bhed abheda tatwa. The religious congregation is named Vishista Advaita Sampradaya that is free of the biases of caste, race, language and sexual differences between individuals.

TCLP-UK is currently not an accredited political party registered with the Electoral Commission and has no members or officials apart from the Founder and Leader of the TCLS and the Party, Dr Shantanu Panigrahi.

The philosophy of TCLS and hence TCLP-UK is security for liberty and liberty for security. This is the essence of living. We need to be very careful in making our decision on actions that we should take every moment of life by a thorough understanding of the laws of Nature, and taking opportunities to better ourselves materially and spiritually through the passage of time in a risk-averse attitude that conserves and builds the material and spiritual 'house' that we live in. This is the meaning of Environmental Sustainability at an individual level. One step at a time and see which way the wind blows before jumping on to the next step to try and enhance one's prospects for self-preservation and the appropriate development of the family and the wider society that we are governed by to regulate and control our human activities. Being libertarian per se is not the objective of the personal or communal struggle. One cannot isolate oneself from wider humanity, for we cannot each individually do all of the things that we need to feed, clothe, house, study and develop our knowledge which is the fundamental basis of actions individually and collectively. We need like-minded people according to the saying birds of a feather flock together to create a Party of political activists who would argue their case and take part in democracy to influence changes to the society in a peaceful and totally non-violent manner, not even protesting on the streets; by persuasion of ones principles and belief-led mission to better ourselves in our mental development and better our chances of survival in a tough Nature that restricts our abilities to act selfishly and in greed for gathering in the natural resources for our own consumption from the Planet that we inhabit. This is the ethos of Conservative Libertarianism, and it is a semi-secular conception in the sense that while we know God is the Creator of the universe and is a Personal God for those of faith, Nature has a built-in Gaia mechanism of checks and balances that carves the path to the emergence of new races and species of life forms on Earth; the existence of God should not concern humanity which has to mind its own business. It is therefore imperative that we focus only on taking the right decisions ourselves without resort to a higher authority, be that human or spiritual in being a Conservative Libertarian.

TCLP-UK believes that of paramount importance, the United Kingdom must have a Written Constitution to begin with and in the longer term develop the nation into a Cultural Republic through the structures of democratic and law enforcement institutions that the Constitution must incorporate a declaration on human rights. By Cultural Republic, we swear allegiance to the Monarchial Establishment once we have shaped it to essential democratic imperatives that come from understanding human nature and its diversity.

TCLP-UK has learnt through the Founder's travel journey that ideals of truth, justice and democracy is not possible without structural changes to the Constitution of the United Kingdom because without changes society cannot prevent the present unwritten Constitution being misinterpreted by vested interests for corrupt purposes and across the board of the State. The Party has experienced tremendous shortcomings in this regard and so campaigns for started with prescribing an amended Constitution through due process in the Houses of Parliament, primarily by instituting a Select Committee specially convened for the purpose because the Party had gone through all other processes of Parliament and Courts and it has not received a positive response for this much-needed change. The objective of the Party is to develop a mild form of Republican Constitution that incorporates a Cultural Monarchy as the Head of State with a Written Constitution that keeps people well informed on who is in charge of the procedures of the Houses of Commons and Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials of the State

institutions and agencies against whom a citizen can successfully prosecute in civil and criminal courts; these amendments that will make people and institutions across the board accountable to the public into the fundamental principles of truth, justice and democracy.

For these objectives to be met TCLS and hence TCLP-UK foster a State composed of a Royal Family with a difference in that the Monarch is assigned the status of a semi-ceremonial King or Queen (hence-forth entitled the Cultural-Monarch with implicit duties over the House of Lords, the revision chamber of Parliament that functions as in the traditional democratic institutions the House of Commons being elected a political institution derived from an electorate of 18-aged plus citizens up to the 85 years of age, this upper age limit being set by the medical determination that the productive capacity of individuals to contribute to the State is limited to by their age when their judgments become haphazard from senile day, dementia/Alzheimer's and other disorders in physical and mental attributes. This would apply also to the Cultural Monarch as the figure-head Head of State, who should further only remain in that position for a fixed reign of 20 years at a single stint following which his or her continuation in the role must be put to the electorate in a referendum when people have the opportunity to judge whether he or she has discharged his/her duties to the State to an acceptable standard. Within this ethos, Parliamentary decisions on enactment of laws are to be revised by the traditional process by peers in the House of Lords as currently in place with the scrutiny being final and simply rubber-stamped by the Cultural Monarch. The Privy Council will be renamed as the Royal Board with altered functions as an institutional chamber to direct the democratic processes of the House of Lords on behalf of the Cultural Monarch who will only sign on the dotted line for final endorsement of a Parliamentary decision. By making the House of Lords an elected chamber, it would be the second chamber whose decisions are final on Bills enacted at the House of Commons.

Thus, the House of Lords as an elected Chamber can override the decisions of the Prime Minister in the House of Commons after the usual three revisions of legislation voted on in Lower Chamber as a Bill goes to and fro until agreement is reached between the Prime Minister and the House of Lords.

The House of Commons will be political Parliament according to party-politics but the House of Lords will be apolitical. Being the Administration of Parliament all government Ministers will be appointed by the Prime Minister from the lower chamber and the Civil Service will be attached solely to this Executive.

The present Privy Council with intersections with different elements of the State will therefore be abolished by its Royal Board replacement as an independent body attached interfaced between the House of Lords and the Cultural Monarch; to the latter as an advisory institution ceremoniously signing on the dotted line. The Royal Board will be responsible for the selection of candidates applying to stand independently in elections to the higher Chamber of Parliament. It will appoint 3 candidates in each of enlarged Constituency with the First past the post system of election. The House of Lords will have 200 peers.

Legislation proceedings in the House of Commons will therefore continue to be read any kind of Royal scrutiny by the Cultural Monarch's speeches at the beginning of each term of Parliament and the proceedings in each chamber will be conducted by the Speaker elected from within each House that will set out the Bills for debating in the next Session of Parliament; the Speakers thereby only giving ceremonial assent to the Bills from the Executive presented by the Prime Minister for debate and amendments in the Lower Chamber implementing the policies of

the Party that that form the government as a result of who wins the general elections. The House of Lords revision of Bills will be restricted to only those formulated in the House of Commons.

The Prime Minister will not have audience with the Cultural Monarch during a Parliament.

TCLP-UK will therefore reform of the House of Commons and the House of Lords as elected chambers of Parliament. The Executive will be appointed as the Prime Minister by the elected political parties with no requirement of Royal prerogative powers for government Bills have to be agreed with the House of Lords. The Commons will remain the administration of government without being subjected to the daily oversight of the House of Lords and Royal Board headed by the Cultural Monarch except for the enactment of Bills voted for by Members of Parliament in the lower chamber after its passage through the House of Lords. The Cultural Monarch will solely appoint the members of the Royal Board, which will have 12 selected officials. This would be the only power of the Cultural Monarch in the government of the nation.

The Prime Minister in the House of Commons and will write Speaker's Speech in the House of Commons with the Speaker delivering it from the Executive in a ceremonial role. The Commons will therefore not take directives of the Cultural Monarch. The House Lords who would be elected every 10 years whereas the House of Commons will have fixed 5-year terms with the Prime Minister not having the power to call an earlier general election at any time without a vote in the Lower Chamber decided by a simple majority. The House of Lords will not have the power to intervene when the general election is held.

There will be devolution of political administration to local elected Councils and regional States under Federation as Scotland, Wales, Northern Ireland and England Overseas Dependencies and Territories such as the Falkland Islands. These territories will be free to make their own decisions on how their local governments operate through votes in local referenda without having to seek approval from Westminster.

Rationale for Amendment to a Written Republican Constitution

TCLP-UK has on 17 May 2024 became a Republican Party, for reasons set out here:

<https://www.theconservativelibertariansociety.com/post/the-conservative-libertarian-party-of-the-united-kingdom-turns-republican>.

The government must serve the people, not the people serve the government.

The Founder of TCLP-UK has specialised in dealing with national and international criminals that he started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who were then and have since then terrorised me, but he found a way of coping with it. He did not care where they persecutors come from, and right now the criminal that I am focussing on for bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators operating with the University of Greenwich against me. But was really the Circuit Judge processing my Claim E35YM660 against the successive Prime Ministers responsible for the miscarriage of justice or were there forces above him/her that had been doing so; I pondered over for a long time.

Hiding above the Circuit Judge in the Central County Court, the Court of Appeal and the Supreme Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordering my persecution in the United

Kingdom over the 26 years of my suffering defamation and consigning me to the Mental Health Services of the State; the mantle then being handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out the reality of what I was confronted with I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration seemingly because the United Kingdom was a permanent member of the Security Council of the United Nations which had veto powers over what this Court could process. It is for fighting for justice in this manner that the petitioner was intensely persecuted by the State over these years with the employment of the Security Services of M15/MI6 and the Police.

Such criminals need to be brought to appropriate Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police have not the resources or the will to investigate and prosecute perpetrators or are prevented from doing so by the Monarchial Establishment.

A Written Constitution would prevent the Monarchial Establishment from this form of tyrannical persecution of those who campaign for truth, justice and democracy, for these ethics if pursued by the State authorities through political means in Parliament would bring corruption to an end in society. The Monarchial Establishment operated in secrecy manipulating businesses and Media too who have then hoodwinked the public with fake news and propaganda so that they the petitioner who stood in their way of corrupt practices by employing freedom of expression. Similarly they manipulated the Judicial processes of the State against the petitioner in civil and criminal proceedings as a litigant, which whose personal experience of has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself to flush them out in the open but the public is supposed to believe that Monarchs are immune from the legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would then hide behind to deliberately deprive litigants of justice.

The reason that there is no written Constitution in the United Kingdom is that Monarchists facilitate the Monarch to become dictatorial from time to time in the course of history which will be fine if that is what the majority of the population actually wish but it should be explicitly documented into a Written Constitution. People are then fully informed on what to expect from their government.

The change from unwritten to a written Constitution will not enable the Head of State to discharge his or her duties secretly from behind the scenes away from the public eye. The role of the Constitutional Head of State should be hereditary from the existing Royal Family but Parliament's Select Committee for Public Administration and Constitutional Affairs (PACAS) will decide the appropriate document for voting in both the Chambers of Parliament on what it should be whether limited as proposed by TCLP-UK to be a Cultural Monarchy or having unlimited powers. The composition of this Select Committee should be 24 members, 12 each from the House of Commons and House of Lords. Each chamber of Parliament must have an internal Vote on the individuals who are selected to represent this Select Committee.

The Written Constitution must clearly outline the relationship between the Ceremonial Head of State and the Parliament at both House of Commons and the House of Lords.

The Written Constitution should be put to a Yes/No referendum of the population initially; and if there is a Yes decision from the electorate to have a Written Constitution all subsequent amendments to the Constitution when these take place through Parliamentary approval first must go to another referendum.

The Written Constitution should be prepared by the Select Committee who will be charged with this role, and document prepared must be subjected to a vote in the House of Commons chamber and then in the House of Lords before going to referendum.

The Head of State will continue to be known the 'His or Her Majesty'.

The Speaker of the House of Commons will be solely responsible for all the technical proceedings of each Chamber, not the Lord/Lady President who will never enter these Chambers for ceremonial functions. The Royal Assent to the current outline of the Executive's work to the Monarch in the House of Chambers will therefore be abolished.

The amendment to the present unwritten Constitution of the United Kingdom will therefore obtain clarity on the functionality of the State so that government officials are made accountable to the public at large, as these will be available to Courts to enter judgments in a written Constitution. Right now the Security Services can perpetrate tyranny on the people and the citizen has no chance of success in attempting to litigate and prosecute the police in the courts. Similarly one cannot litigate or prosecute the Prime Minister for causing untold misery to individuals because he or she is protected by the force of a dictatorial Constitutional monarchy secretly operating through preventing people knowing the relationships between the Monarch and the Prime Minister, the Security Services incorporating the Police, the Civil and Criminal Courts of the State, and the regulatory authorities at the Legal Ombudsman, the Parliamentary and Health Service Ombudsman the Solicitors Regulation Authority, the Bar Standards Board and the Financial Services Ombudsman. These inter-relationships need to be identified and set in stone through a Written Constitution for which the PACA Select Committee will have responsibility to undertake the task outlined through this parliamentary petition from the public.

The national anthem will be rewritten along the lines of nations internal functions nationally and its devolved and dependent territories and objectives of the people in strengthening the nation.

Composition of the Houses of Commons and Lords

Thus, whereas the House of Commons would be a political chamber involving political parties, the House of Lords will be apolitical comprising of independent peers only and no hereditary peers.

The Royal Board will sift through applicants wishing to be Members of the Revision chamber on their qualifications which must be a minimum of Upper Second-Class Undergraduate degree in any discipline followed by 15 years of work experience. Thus the peers would be a minimum of 45 years of age and all-inclusive otherwise of differences in gender, race, religion, sexual orientation and marital status.

The Anglican Church

The Head of State, Cultural Monarch will remain as the Head of the Anglican Church.

### Mental Health

The Mental Health Institution should be incorporated within the Law Enforcement Process and subject to explicit and reformed basis upon which the Mental Health Act is operated without recourse to the Law that is presently constituted and operates on the basis of. Every decision of Consultant Psychiatrists and Mental Health professionals should be subjected to the Mental Health Tribunal before Sectioning of an individual takes place in the committal of the person to a mental hospital.

### Department of Justice

The Civil and Criminal Courts will remain as the currently operate with the State Prosecution Service under a Department of Justice with the Supreme Court being solely the third level of civil and criminal proceedings under Appeal through the Court of Appeal brought to it by litigants and private prosecutions against all including the institutions of the State such as the Police and the rest of the Security Services such as M15/M16. The Courts must not interfere in the democratic process of the government in terms of day-to-day decisions and the enactment of laws. Thus the Courts and Tribunals will continue to be referred to as His or Her Majesty's Court and Tribunal Service but Law Enforcement (Police and Prosecution Service) will come under the sole supervision and management of the Ministry of Justice.

### Declaration of Human Rights

TCLP-UK will not join the European Union and will withdraw from the European Court of Human Rights. Instead the Constitution will include a Declaration on fundamental human rights of all citizens which will guide the House of Lords to scrutinise Bills of the Lower House that violate the principles of this Declaration.

### Proportional Representation

The First past the post electoral system for the House of Commons, local Councils and devolved Assemblies must be replaced with a proportional representation system.

### Approved ePetition at the Parliament Website

In the absence of any of the current four political parties submitting these proposals to the due process of the House of Commons and the House of Lords despite detailed consultations, the only route identified by TCLP-UK was to submit a preliminary ePetition to the government and parliament for due consideration. TCLP-UK implemented the following petition.

What do you want the government to do:

Have an amended Constitution.

Institute a Select Committee Specially convened for the purpose as I have gone through all other processes of Parliament and it has not received a positive response.

To keep people better informed on who is in charge of procedures of the House of Commons and of the House of Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials against whom a citizen can successfully prosecute in civil and criminal courts of the United Kingdom.

Click this link to sign the petition:

<https://petition.parliament.uk/petitions/662817/sponsors/new?token=5E2Eaduj6JGBY6S9rdVV>  
If I get 5 signatures, Parliament would have to consider making the petition go live, and if it gets past this hurdle following which 21 signatures are required for an interim decision by Parliament to TCLP-UK on the Petition and 100,000 signatures would get a reply to TCLP-UK from Parliament expected to be the present PACAS.

TCLP-UK believes that think young people especially should sign the petition. Politics will always be in total shambles in the United Kingdom unless the Constitution is Amended.

Parliamentary Authorities for Queries from the Public

Parliament at both Houses will be accessible to the population for information and advice and directions on due process should there be concerns through petitions in the government and House of Commons website for open government. The email addresses should be as follows:  
 contactholmember@parliament.uk  
 HCEnquiries@parliament.uk  
 hinfo@parliament.uk  
 pacac@parliament.uk

Public Petitions:

TCLP-UK has instituted the following two public petitions:

1. <https://www.change.org/p/have-a-written-consitution-in-the-united-kingdom>
2. <https://you.38degrees.org.uk/petitions/develop-the-united-kingdom-into-a-republic>

(b)

PETITION TO THE HOUSE OF COMMONS

AMENDED CONSTITUTION FOR A CULTURAL MONARCHY IN THE UNITED KINGDOM

(Working Draft: 16.39 pm (UK-Time) 28 June 2024

This Petition draws upon the proceedings of the petitioner in respect of his litigation Claim E35YM660 at the Central London County Court which failed to reach a conclusion implying that the Monarch played a significant role in the State's discharge of the injustices suffered over 26 years by the Claimant, that is summarised as follows:

There was no progress in the matter of the representation of the people in Parliament with the Reform UK party, the Labour Party, the Liberal Democrats Party and the Conservative and Unionist Party especially giving him no reason that It would not accept the petitioner as a member to accommodate his policies and concerns in Parliament.

The Petitioner then tried his utmost to establish my own credentials to set up a Political Party as TCLP-UK so that he could stand as an independent candidate to have his voice on the injustices he suffered heard in Parliament. The formation of TCLP-UK was also thwarted by the State authorities operating in secrecy to the Monarch's wishes.

That left the Claimant with the question of damages and compensation of £150 million that he asked for to be awarded to him from the Treasury of the United Kingdom for the police brutality, MI5/MI6 engineered trolling through criminal anonymous email sent to him and his associates within the United Kingdom and overseas; persecution for his religion of Vishista Advaita, victimisation for pursuing the University of Greenwich for his £55,000 severance pay withheld from 1998; and systematic obstruction of justice by court officials (District Judge Lightman having unjustly awarded £4170 in costs to the cabinet office on 21 June 2021); and the Police acting in State's vengeance against the author by unnecessarily arresting him 6 times on framed accusations of malicious communications and stalking that were alleged against him, and finally, the enforced sectioning of the petitioner in mental hospitals in 2004 and 2008 for no justifiable reason whatsoever as he always has been a law-abiding citizen.

The author tried set up a website in Wordpress to highlight his suffering into the Court of Public Opinion for all along he was defamed in addition to being rendered from riches to rags. The State

authorities started a campaign of depriving him of his freedom of expression, and got the website suspended. The same thing happened with Lulu Publishing. So the author created numerous websites under Wix and Bravenet but these were subjected to incessant attacks to get the contents wiped out from the public record. The author also wrote 208 eBooks published by establishing his own company which the State authorities attempted all kinds of means to disrupt and render ineffective.

An unwritten Constitution enables such widespread and sustained corruption of the Judicial and Law Enforcement System as well as the Regulatory institutions of the State to overlook the State authority in the Monarchy's crimes against an individual. The Petitioner hereby petitions for a Written Constitution with a Cultural Monarchy as a limited Republic for the United Kingdom.

Subject: CROSS PARTY SUPPORT FOR A WRITTEN CONSTITUTION IN THE UNITED KINGDOM

Dear Honourable Democrats and Nationalists as appropriate

Dear Daniel Reeves

I am too busy with important work as a karma yogi to be bothered about who Googles, Bings, Yahoos these search engines to find my websites. I go by the principle that if one has something important to convey to the world, those seeking that knowledge will find a way of contacting me through the websites or by email/WhatsApp. That is the kind of oneness with Nature that I live to as my religion of Vishista Advaita Sampradaya that can be easily googled to find my Membership website where it is business as usual now: <https://app.joinit.com/o/vishista-advaita-sampradaya-tclstclp-uk/>

So disappointing what has happened. I know the feeling. I was intending to move ahead with external support with this: <https://www.thelibertariandemocrats.com/forum/peter-cook-independent/re-cross-party-support-for-a-written-constitution-in-the-united-kingdom> but it wasn't to be. Ah well as the say all the plans of men and mice gang aft a gley or something. Time to move on.

### **Update:**

I was not going to be intimidated and understood that they were trying to get me to admit that I am still progressing my party so do not have Reform UK as a guard. So I visited the full report and found that the Site is still on the Internet: with the following link:

**THE POLICY OF A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM PROPOSED BY THE  
 CONSERVATIVE LIBERTARIAN PARTY OF THE UNITED KINGDOM**

**(Working Draft: 09.50 am 8 Jul 2024)**

Preamble

People need to know where they stand in relation to the government under which they live.

The ethos and principles of The Conservative Libertarian Society

(<https://theconservativelibertariansociety.com>)

The Conservative Libertarian Party of the United Kingdom (TCLP-UK) situated at <https://www.theconservativelibertariansociety.com/blank> is the political offshoot of the Global Movement The Conservative Libertarian Society' (TCLS) which currently also incorporates TCLP-USA situated at <https://the-conservative-libertarian-party-of-usa.odoo.com/>

TCLS and its offshoot subscribers are Vishista Advaita Vedantists (see <http://vishistaadvaitavedanta.com>), a universal religion that acknowledges the existence of a Personal God that they have named as being Sri Krishna-Durga but as humans they practice karma (actions) in sanatana dharma independent of God. A human being can be God through satya-advaita yoga of oneness with truth and through the mental loss of attachments to act spontaneously, nonchalantly and unpremeditatedly, eventually without inhibitions; yet even at it's peak the person becomes at one and yet distinct from God in what is termed achintya bhed abheda tatwa. The religious congregation is named Vishista Advaita Sampradaya that is free of the biases of caste, race, language and sexual differences between individuals.

TCLP-UK is currently not an accredited political party registered with the Electoral Commission and has no members or officials apart from the Founder and Leader of the TCLS and the Party, Dr Shantanu Panigrahi.

The philosophy of TCLS and hence TCLP-UK is security for liberty and liberty for security. This is the essence of living. We need to be very careful in making our decision on actions that we should take every moment of life by a thorough understanding of the laws of Nature, and taking opportunities to better ourselves materially and spiritually through the passage of time in a risk-averse attitude that conserves and builds the material and spiritual 'house' that we live in. This is the meaning of Environmental Sustainability at an individual level. One step at a time and see which way the wind blows before jumping on to the next step to try and enhance one's prospects for self-preservation and the appropriate development of the family and the wider society that we are governed by to regulate and control our human activities. Being libertarian per se is not the objective of the personal or communal struggle. One cannot isolate oneself from wider humanity, for we cannot each individually do all of the things that we need to feed, clothe, house, study and develop our knowledge which is the fundamental basis of actions individually and collectively. We need like-minded people according to the saying birds of a feather flock together to create a Party of political activists who would argue their case and take part in democracy to influence changes to the society in a peaceful and totally non-violent manner, not even protesting on the streets; by persuasion of ones principles and belief-led

mission to better ourselves in our mental development and better our chances of survival in a tough Nature that restricts our abilities to act selfishly and in greed for gathering in the natural resources for our own consumption from the Planet that we inhabit. This is the ethos of Conservative Libertarianism, and it is a semi-secular conception in the sense that while we know God is the Creator of the universe and is a Personal God for those of faith, Nature has a built-in Gaia mechanism of checks and balances that carves the path to the emergence of new races and species of life forms on Earth; the existence of God should not concern humanity which has to mind its own business. It is therefore imperative that we focus only on taking the right decisions ourselves without resort to a higher authority, be that human or spiritual in being a Conservative Libertarian.

TCLP-UK believes that of paramount importance, the United Kingdom must have a Written Constitution to begin with and in the longer term develop the nation into a Cultural Republic through the structures of democratic and law enforcement institutions that the Constitution must incorporate a declaration on human rights. By Cultural Republic, we swear allegiance to the Monarchial Establishment once we have shaped it to essential democratic imperatives that come from understanding human nature and its diversity.

TCLP-UK has learnt through the Founder's travel journey that ideals of truth, justice and democracy is not possible without structural changes to the Constitution of the United Kingdom because without changes society cannot prevent the present unwritten Constitution being misinterpreted by vested interests for corrupt purposes and across the board of the State. The Party has experienced tremendous shortcomings in this regard and so campaigns for started with prescribing an amended Constitution through due process in the Houses of Parliament, primarily by instituting a Select Committee specially convened for the purpose because the Party had gone through all other processes of Parliament and Courts and it has not received a positive response for this much-needed change. The objective of the Party is to develop a mild form of Republican Constitution that incorporates a Cultural Monarchy as the Head of State with a Written Constitution that keeps people well informed on who is in charge of the procedures of the Houses of Commons and Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials of the State institutions and agencies against whom a citizen can successfully prosecute in civil and criminal courts; these amendments that will make people and institutions across the board accountable to the public into the fundamental principles of truth, justice and democracy.

For these objectives to be met TCLS and hence TCLP-UK foster a State composed of a Royal Family with a difference in that the Monarch is assigned the status of a semi-ceremonial King or Queen (hence-forth entitled the Cultural-Monarch with implicit duties over the House of Lords, the revision chamber of Parliament that functions as in the traditional democratic institutions the House of Commons being elected a political institution derived from an electorate of 18-aged plus citizens up to the 85 years of age, this upper age limit being set by the medical determination that the productive capacity of individuals to contribute to the State is limited to by their age when their judgments become haphazard from senile day, dementia/Alzheimer's and other disorders in physical and mental attributes. This would apply also to the Cultural Monarch as the figure-head Head of State, who should further only remain in that position for a fixed reign of 20 years at a single stint following which his or her continuation in the role must be put to the electorate in a referendum when people have the opportunity to judge whether he or she has discharged his/her duties to the State to an acceptable standard. Within this ethos, Parliamentary decisions on enactment of laws are to be revised by the traditional process by peers in the House of Lords as currently in place with the scrutiny being final and simply rubber-stamped by the Cultural Monarch. The Privy Council will be renamed as the Royal Board with

altered functions as an institutional chamber to direct the democratic processes of the House of Lords on behalf of the Cultural Monarch who will only sign on the dotted line for final endorsement of a Parliamentary decision. By making the House of Lords an elected chamber, it would be the second chamber whose decisions are final on Bills enacted at the House of Commons.

Thus, the House of Lords as an elected Chamber can override the decisions of the Prime Minister in the House of Commons after the usual three revisions of legislation voted on in Lower Chamber as a Bill goes to and fro until agreement is reached between the Prime Minister and the House of Lords.

The House of Commons will be political Parliament according to party-politics but the House of Lords will be apolitical. Being the Administration of Parliament all government Ministers will be appointed by the Prime Minister from the lower chamber and the Civil Service will be attached solely to this Executive.

The present Privy Council with intersections with different elements of the State will therefore be abolished by its Royal Board replacement as an independent body attached interfaced between the House of Lords and the Cultural Monarch; to the latter as an advisory institution ceremoniously signing on the dotted line. The Royal Board will be responsible for the selection of candidates applying to stand independently in elections to the higher Chamber of Parliament. It will appoint 3 candidates in each of enlarged Constituency with the First past the post system of election. The House of Lords will have 200 peers.

Legislation proceedings in the House of Commons will therefore continue to be read any kind of Royal scrutiny by the Cultural Monarch's speeches at the beginning of each term of Parliament and the proceedings in each chamber will be conducted by the Speaker elected from within each House that will set out the Bills for debating in the next Session of Parliament; the Speakers thereby only giving ceremonial assent to the Bills from the Executive presented by the Prime Minister for debate and amendments in the Lower Chamber implementing the policies of the Party that that form the government as a result of who wins the general elections. The House of Lords revision of Bills will be restricted to only those formulated in the House of Commons.

The Prime Minister will not have audience with the Cultural Monarch during a Parliament.

TCLP-UK will therefore reform of the House of Commons and the House of Lords as elected chambers of Parliament. The Executive will be appointed as the Prime Minister by the elected political parties with no requirement of Royal prerogative powers for government Bills have to be agreed with the House of Lords. The Commons will remain the administration of government without being subjected to the daily oversight of the House of Lords and Royal Board headed by the Cultural Monarch except for the enactment of Bills voted for by Members of Parliament in the lower chamber after its passage through the House of Lords. The Cultural Monarch will solely appoint the members of the Royal Board, which will have 12 selected officials. This would be the only power of the Cultural Monarch in the government of the nation.

The Prime Minister in the House of Commons and will write Speaker's Speech in the House of Commons with the Speaker delivering it from the Executive in a ceremonial role. The Commons will therefore not take directives of the Cultural Monarch. The House Lords who would be elected every 10 years whereas the House of Commons will have fixed 5-year terms with the Prime Minister not having the power to call an earlier general election at any time without a vote

in the Lower Chamber decided by a simple majority. The House of Lords will not have the power to intervene when the general election is held.

There will be devolution of political administration to local elected Councils and regional States under Federation as Scotland, Wales, Northern Ireland and England Overseas Dependencies and Territories such as the Falkland Islands. These territories will be free to make their own decisions on how their local governments operate through votes in local referenda without having to seek approval from Westminster.

Rationale for Amendment to a Written Republican Constitution

TCLP-UK has on 17 May 2024 become a Republican Party, for reasons set out here:

<https://www.theconservativelibertariansociety.com/post/the-conservative-libertarian-party-of-the-united-kingdom-turns-republican>.

The government must serve the people, not the people serve the government.

The Founder of TCLP-UK has specialised in dealing with national and international criminals that he started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who were then and have since then terrorised me, but he found a way of coping with it. He did not care where they persecutors come from, and right now the criminal that I am focussing on for bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators operating with the University of Greenwich against me. But was really the Circuit Judge processing my Claim E35YM660 against the successive Prime Ministers responsible for the miscarriage of justice or were there forces above him/her that had been doing so; I pondered over for a long time.

Hiding above the Circuit Judge in the Central County Court, the Court of Appeal and the Supreme Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordering my persecution in the United Kingdom over the 26 years of my suffering defamation and consigning me to the Mental Health Services of the State; the mantle then being handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out the reality of what I was confronted with I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration seemingly because the United Kingdom was a permanent member of the Security Council of the United Nations which had veto powers over what this Court could process. It is for fighting for justice in this manner that the petitioner was intensely persecuted by the State over these years with the employment of the Security Services of M15/MI6 and the Police.

Such criminals need to be brought to appropriate Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police have not the resources or the will to investigate and prosecute perpetrators or are prevented from doing so by the Monarchial Establishment.

A Written Constitution would prevent the Monarchial Establishment from this form of tyrannical persecution of those who campaign for truth, justice and democracy, for these ethics if pursued

by the State authorities through political means in Parliament would bring corruption to an end in society. The Monarchial Establishment operated in secrecy manipulating businesses and Media too who have then hoodwinked the public with fake news and propaganda so that they the petitioner who stood in their way of corrupt practices by employing freedom of expression. Similarly they manipulated the Judicial processes of the State against the petitioner in civil and criminal proceedings as a litigant, which whose personal experience of has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself to flush them out in the open but the public is supposed to believe that Monarchs are immune from the legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would then hide behind to deliberately deprive litigants of justice.

The reason that there is no written Constitution in the United Kingdom is that Monarchists facilitate the Monarch to become dictatorial from time to time in the course of history which will be fine if that is what the majority of the population actually wish but it should be explicitly documented into a Written Constitution. People are then fully informed on what to expect from their government.

The change from unwritten to a written Constitution will not enable the Head of State to discharge his or her duties secretly from behind the scenes away from the public eye. The role of the Constitutional Head of State should be hereditary from the existing Royal Family but Parliament's Select Committee for Public Administration and Constitutional Affairs (PACAS) will decide the appropriate document for voting in both the Chambers of Parliament on what it should be whether limited as proposed by TCLP-UK to be a Cultural Monarchy or having unlimited powers. The composition of this Select Committee should be 24 members, 12 each from the House of Commons and House of Lords. Each chamber of Parliament must have an internal Vote on the individuals who are selected to represent this Select Committee.

The Written Constitution must clearly outline the relationship between the Ceremonial Head of State and the Parliament at both House of Commons and the House of Lords.

The Written Constitution should be put to a Yes/No referendum of the population initially; and if there is a Yes decision from the electorate to have a Written Constitution all subsequent amendments to the Constitution when these take place through Parliamentary approval first must go to another referendum.

The Written Constitution should be prepared by the Select Committee who will be charged with this role, and document prepared must be subjected to a vote in the House of Commons chamber and then in the House of Lords before going to referendum.

The Head of State will continue to be known the 'His or Her Majesty'.

The Speaker of the House of Commons will be solely responsible for all the technical proceedings of each Chamber, not the Lord/Lady President who will never enter these Chambers for ceremonial functions. The Royal Assent to the current outline of the Executive's work to the Monarch in the House of Chambers will therefore be abolished.

The amendment to the present unwritten Constitution of the United Kingdom will therefore obtain clarity on the functionality of the State so that government officials are made accountable to the public at large, as these will be available to Courts to enter judgments in a written Constitution. Right now the Security Services can perpetrate tyranny on the people and the citizen has no chance of success in attempting to litigate and prosecute the police in the courts. Similarly one cannot litigate or prosecute the Prime Minister for causing untold misery to individuals because he or she is protected by the force of a dictatorial Constitutional monarchy secretly operating through preventing people knowing the relationships between the Monarch and the Prime Minister, the Security Services incorporating the Police, the Civil and Criminal Courts of the State, and the regulatory authorities at the Legal Ombudsman, the Parliamentary and Health Service Ombudsman the Solicitors Regulation Authority, the Bar Standards Board and the Financial Services Ombudsman. These inter-relationships need to be identified and set in stone through a Written Constitution for which the PACA Select Committee will have responsibility to undertake the task outlined through this parliamentary petition from the public.

The national anthem will be rewritten along the lines of nations internal functions nationally and its devolved and dependent territories and objectives of the people in strengthening the nation.

#### Composition of the Houses of Commons and Lords

Thus, whereas the House of Commons would be a political chamber involving political parties, the House of Lords will be apolitical comprising of independent peers only and no hereditary peers.

The Royal Board will sift through applicants wishing to be Members of the Revision chamber on their qualifications which must be a minimum of Upper Second-Class Undergraduate degree in any discipline followed by 15 years of work experience. Thus the peers would be a minimum of 45 years of age and all-inclusive otherwise of differences in gender, race, religion, sexual orientation and marital status.

#### The Anglican Church

The Head of State, Cultural Monarch will remain as the Head of the Anglican Church.

#### Mental Health

The Mental Health Institution should be incorporated within the Law Enforcement Process and subject to explicit and reformed basis upon which the Mental Health Act is operated without recourse to the Law that is presently constituted and operates on the basis of. Every decision of Consultant Psychiatrists and Mental Health professionals should be subjected to the Mental Health Tribunal before Sectioning of an individual takes place in the committal of the person to a mental hospital.

#### Department of Justice

The Civil and Criminal Courts will remain as the currently operate with the State Prosecution Service under a Department of Justice with the Supreme Court being solely the third level of civil and criminal proceedings under Appeal through the Court of Appeal brought to it by litigants and private prosecutions against all including the institutions of the State such as the Police and the rest of the Security Services such as M15/M16. The Courts must not interfere in the democratic process of the government in terms of day-to-day decisions and the enactment of laws. Thus the Courts and Tribunals will continue to be referred to as His or Her Majesty's Court and Tribunal Service but Law Enforcement (Police and Prosecution Service) will come under the sole supervision and management of the Ministry of Justice.

#### Declaration of Human Rights

TCLP-UK will not join the European Union and will withdraw from the European Court of Human Rights. Instead the Constitution will include a Declaration on fundamental human rights of all citizens which will guide the House of Lords to scrutinise Bills of the Lower House that violate the principles of this Declaration.

#### Proportional Representation

The First past the post electoral system for the House of Commons, local Councils and devolved Assemblies must be replaced with a proportional representation system.

#### Approved ePetition at the Parliament Website

In the absence of any of the current four political parties submitting these proposals to the due process of the House of Commons and the House of Lords despite detailed consultations, the only route identified by TCLP-UK was to submit a preliminary ePetition to the government and parliament for due consideration. TCLP-UK implemented the following petition.

What do you want the government to do:

Have an amended Constitution.

Institute a Select Committee Specially convened for the purpose as I have gone through all other processes of Parliament and it has not received a positive response.

To keep people better informed on who is in charge of procedures of the House of Commons and of the House of Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials against whom a citizen can successfully prosecute in civil and criminal courts of the United Kingdom.

Click this link to sign the petition:

<https://petition.parliament.uk/petitions/662817/sponsors/new?token=5E2Eaduj6JGBY6S9rdVV>

If I get 5 signatures, Parliament would have to consider making the petition go live, and if it gets past this hurdle following which 21 signatures are required for an interim decision by Parliament to TCLP-UK on the Petition and 100,000 signatures would get a reply to TCLP-UK from Parliament expected to be the present PACAS.

TCLP-UK believes that think young people especially should sign the petition. Politics will always be in total shambles in the United Kingdom unless the Constitution is Amended.

#### Parliamentary Authorities for Queries from the Public

Parliament at both Houses will be accessible to the population for information and advice and directions on due process should there be concerns through petitions in the government and House of Commons website for open government. The email addresses should be as follows:

[contactholmember@parliament.uk](mailto:contactholmember@parliament.uk)

[HCEnquiries@parliament.uk](mailto:HCEnquiries@parliament.uk)

[hinfo@parliament.uk](mailto:hinfo@parliament.uk)

[pacac@parliament.uk](mailto:pacac@parliament.uk)

#### Public Petitions:

TCLP-UK has instituted the following two public petitions:

1. <https://www.change.org/p/have-a-written-consitution-in-the-united-kingdom>
2. <https://you.38degrees.org.uk/petitions/develop-the-united-kingdom-into-a-republic>

**PETITION TO THE HOUSE OF COMMONS**  
**AMENDED CONSTITUTION FOR A CULTURAL MONARCHY IN THE UNITED KINGDOM**  
**(Working Draft: 16.39 pm (UK-Time) 28 June 2024)**

This Petition draws upon the proceedings of the petitioner in respect of his litigation Claim E35YM660 at the Central London County Court which failed to reach a conclusion implying that the Monarch played a significant role in the State's discharge of the injustices suffered over 26 years by the Claimant, that is summarised as follows:

There was no progress in the matter of the representation of the people in Parliament with the Reform UK party, the Labour Party, the Liberal Democrats Party and the Conservative and Unionist Party especially giving him no reason that It would not accept the petitioner as a member to accommodate his policies and concerns in Parliament.

The Petitioner then tried his utmost to establish my own credentials to set up a Political Party as TCLP-UK so that he could stand as an independent candidate to have his voice on the injustices he suffered heard in Parliament. The formation of TCLP-UK was also thwarted by the State authorities operating in secrecy to the Monarch's wishes.

That left the Claimant with the question of damages and compensation of £150 million that he asked for to be awarded to him from the Treasury of the United Kingdom for the police brutality, MI5/MI6 engineered trolling through criminal anonymous email sent to him and his associates within the United Kingdom and overseas; persecution for his religion of Vishista Advaita, victimisation for pursuing the University of Greenwich for his £55,000 severance pay withheld from 1998; and systematic obstruction of justice by court officials (District Judge Lightman having unjustly awarded £4170 in costs to the cabinet office on 21 June 2021); and the Police acting in State's vengeance against the author by unnecessarily arresting him 6 times on framed accusations of malicious communications and stalking that were alleged against him, and finally, the enforced sectioning of the petitioner in mental hospitals in 2004 and 2008 for no justifiable reason whatsoever as he always has been a law-abiding citizen.

The author tried set up a website in Wordpress to highlight his suffering into the Court of Public Opinion for all along he was defamed in addition to being rendered from riches to rags. The State authorities started a campaign of depriving him of his freedom of expression, and got the website suspended. The same thing happened with Lulu Publishing. So the author created numerous websites under Wix and Bravenet but these were subjected to incessant attacks to get the contents wiped out from the public record. The author also wrote 208 eBooks published by establishing his own company which the State authorities attempted all kinds of means to disrupt and render ineffective.

An unwritten Constitution enables such widespread and sustained corruption of the Judicial and Law Enforcement System as well as the Regulatory institutions of the State to overlook the State authority in the Monarchy's crimes against an individual. The Petitioner hereby petitions for a Written Constitution with a Cultural Monarchy as a limited Republic for the United Kingdom.

Final TCLP-UK CONSTITUTION

<https://www.theconservativelibertariansociety.com/about-1>

## **THE POLICY OF A WRITTEN CONSTITUTION FOR THE UNITED KINGDOM PROPOSED BY THE CONSERVATIVE LIBERTARIAN PARTY OF THE UNITED KINGDOM**

**(Working Draft: 19.53 pm 8 Jul 2024)**

### **Preamble**

People need to know where they stand in relation to the government under which they live.

### **The ethos and principles of The Conservative Libertarian Society**

**(<https://theconservativelibertariansociety.com>)**

The Conservative Libertarian Party of the United Kingdom (TCLP-UK) situated at

<https://www.theconservativelibertariansociety.com/blank> is the political offshoot of the Global Movement The Conservative Libertarian Society' (TCLS) which currently also incorporates TCLP-USA situated at <https://the-conservative-libertarian-party-of-usa.odoo.com/>

TCLS and its offshoot subscribers are Vishista Advaita Vedantists (see

<http://vishistaadvaitavedanta.com>), a universal religion that acknowledges the existence of a Personal God that they have named as being Sri Krishna-Durga but as humans they practice karma (actions) in sanatan dharma independent of God. A human being can be God through satya-advaita yoga of oneness with truth and through the mental loss of attachments to act spontaneously, nonchalantly and unpremeditatedly, eventually without inhibitions; yet even at its peak the person becomes at one and yet distinct from God in what is termed achintya bhed abheda tatwa. The religious congregation is named Vishista Advaita Sampradaya that is free of the biases of caste, race, language and sexual differences between individuals.

TCLP-UK is currently not an accredited political party registered with the Electoral Commission and has no members or officials apart from the Founder and Leader of the TCLS and the Party, Dr Shantanu Panigrahi.

The philosophy of TCLS and hence TCLP-UK is security for liberty and liberty for security. This is the essence of living. We need to be very careful in making our decision on actions that we should take every moment of life by a thorough understanding of the laws of Nature, and taking opportunities to better ourselves materially and spiritually through the passage of time in a risk-averse attitude that conserves and builds the material and spiritual 'house' that we live in. This is the meaning of Environmental Sustainability at an individual level. One step at a time and see which way the wind blows before jumping on to the next step to try and enhance one's prospects for self-preservation and the appropriate development of the family and the wider society that we are governed by to regulate and control our human activities. Being libertarian per se is not the objective of the personal or communal struggle. One cannot isolate oneself from wider humanity, for we cannot each individually do all of the things that we need to feed, clothe, house, study and develop our knowledge which is the fundamental basis of actions individually and collectively. We need like-minded people according to the saying birds of a feather flock together to create a Party of political activists who would argue their case and take part in democracy to influence changes to the society in a peaceful and totally non-violent manner, not even protesting on the streets; by persuasion of ones principles and belief-led mission to better ourselves in our mental development and better our chances of survival in a tough Nature that restricts our abilities to act selfishly and in greed for gathering in the natural resources for our own consumption from the Planet that we inhabit. This is the ethos of Conservative Libertarianism, and it is a semi-secular conception in the sense that while we know God is the Creator of the universe and is a Personal God for those of faith, Nature has a built-in Gaia mechanism of checks and balances that carves the path to the emergence of new races and species of life forms on Earth; the existence of God should not concern humanity which has to mind its own business. It is therefore imperative that we focus only on taking the right decisions ourselves without resort to a higher authority, be that human or spiritual in being a Conservative Libertarian.

TCLP-UK believes that of paramount importance, the United Kingdom must have a Written Constitution to begin with and in the longer term develop the nation into a Cultural Republic through the structures of democratic and law enforcement institutions that the Constitution must incorporate a declaration on human rights. By Cultural Republic, we swear allegiance to the Monarchial Establishment once we have shaped it to essential democratic imperatives that come from understanding human nature and its diversity.

TCLP-UK has learnt through the Founder's travel journey that ideals of truth, justice and democracy is not possible without structural changes to the Constitution of the United Kingdom because without changes society cannot prevent the present unwritten Constitution being misinterpreted by vested interests for corrupt purposes and across the board of the State. The Party has experienced tremendous shortcomings in this regard and so campaigns for started with prescribing an amended Constitution through due process in the Houses of Parliament, primarily by instituting a Select Committee specially convened for the purpose because the Party had gone through all other processes of Parliament and Courts and it has not received a positive response for this much-needed change. The objective of the Party is to develop a mild form of Republican Constitution that incorporates a Cultural Monarchy as the Head of State with a Written Constitution that keeps people well informed on who is in charge of the procedures of the Houses of Commons and Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials of the State

institutions and agencies against whom a citizen can successfully prosecute in civil and criminal courts; these amendments that will make people and institutions across the board accountable to the public into the fundamental principles of truth, justice and democracy.

For these objectives to be met TCLS and hence TCLP-UK foster a State composed of a Royal Family with a difference in that the Monarch is assigned the status of a semi-ceremonial King or Queen (hence-forth entitled the Cultural-Monarch with implicit duties over the House of Lords, the revision chamber of Parliament that functions as in the traditional democratic institutions the House of Commons being elected a political institution derived from an electorate of 18-aged plus citizens up to the 85 years of age, this upper age limit being set by the medical determination that the productive capacity of individuals to contribute to the State is limited to by their age when their judgments become haphazard from senile day, dementia/Alzheimer's and other disorders in physical and mental attributes. This would apply also to the Cultural Monarch as the figure-head Head of State, who should further only remain in that position for a fixed reign of 20 years at a single stint following which his or her continuation in the role must be put to the electorate in a referendum when people have the opportunity to judge whether he or she has discharged his/her duties to the State to an acceptable standard. Within this ethos, Parliamentary decisions on enactment of laws are to be revised by the traditional process by peers in the House of Lords as currently in place with the scrutiny being final and simply rubber-stamped by the Cultural Monarch. The Privy Council will be renamed as the Royal Board with altered functions as an institutional chamber to direct the democratic processes of the House of Lords on behalf of the Cultural Monarch who will only sign on the dotted line for final endorsement of a Parliamentary decision. By making the House of Lords an elected chamber, it would be the second chamber whose decisions are final on Bills enacted at the House of Commons.

Thus, the House of Lords as an elected Chamber can override the decisions of the Prime Minister in the House of Commons after the usual three revisions of legislation voted on in Lower Chamber as a Bill goes to and fro until agreement is reached between the Prime Minister and the House of Lords.

The House of Commons will be political Parliament according to party-politics but the House of Lords will be apolitical. Being the Administration of Parliament all government Ministers will be appointed by the Prime Minister from the lower chamber and the Civil Service will be attached solely to this Executive.

The present Privy Council with intersections with different elements of the State will therefore be abolished by its Royal Board replacement as an independent body attached interfaced between the House of Lords and the Cultural Monarch; to the latter as an advisory institution ceremoniously signing on the dotted line. The Royal Board will be responsible for the selection of candidates applying to stand independently in elections to the higher Chamber of Parliament. It will appoint 3 candidates in each of enlarged Constituency with the First past the post system of election. The House of Lords will have 200 peers.

Legislation proceedings in the House of Commons will therefore continue to be read any kind of Royal scrutiny by the Cultural Monarch's speeches at the beginning of each term of Parliament and the proceedings in each chamber will be conducted by the Speaker elected from within each House that will set out the Bills for debating in the next Session of Parliament; the Speakers thereby only giving ceremonial assent to the Bills from the Executive presented by the Prime Minister for debate and amendments in the Lower Chamber implementing the policies of

the Party that that form the government as a result of who wins the general elections. The House of Lords revision of Bills will be restricted to only those formulated in the House of Commons.

The Prime Minister will not have audience with the Cultural Monarch during a Parliament.

TCLP-UK will therefore reform of the House of Commons and the House of Lords as elected chambers of Parliament. The Executive will be appointed as the Prime Minister by the elected political parties with no requirement of Royal prerogative powers for government Bills have to be agreed with the House of Lords. The Commons will remain the administration of government without being subjected to the daily oversight of the House of Lords and Royal Board headed by the Cultural Monarch except for the enactment of Bills voted for by Members of Parliament in the lower chamber after its passage through the House of Lords. The Cultural Monarch will solely appoint the members of the Royal Board, which will have 12 selected officials. This would be the only power of the Cultural Monarch in the government of the nation.

The Prime Minister in the House of Commons and will write Speaker's Speech in the House of Commons with the Speaker delivering it from the Executive in a ceremonial role. The Commons will therefore not take directives of the Cultural Monarch. The House Lords who would be elected every 10 years whereas the House of Commons will have fixed 5-year terms with the Prime Minister not having the power to call an earlier general election at any time without a vote in the Lower Chamber decided by a simple majority. The House of Lords will not have the power to intervene when the general election is held.

There will be devolution of political administration to local elected Councils and regional States under Federation as Scotland, Wales, Northern Ireland and England Overseas Dependencies and Territories such as the Falkland Islands. These territories will be free to make their own decisions on how their local governments operate through votes in local referenda without having to seek approval from Westminster.

Rationale for Amendment to a Written Republican Constitution

TCLP-UK has on 17 May 2024 became a Republican Party, for reasons set out here:

<https://www.theconservativelibertariansociety.com/post/the-conservative-libertarian-party-of-the-united-kingdom-turns-republican>.

The government must serve the people, not the people serve the government.

The Founder of TCLP-UK has specialised in dealing with national and international criminals that he started this project in 1998 when in the University of Greenwich that continues to owe me £55,000 in severance pay with its co-conspirators going by the pseudonym of Victims of Panigrahi Association (VOPA) who were then and have since then terrorised me, but he found a way of coping with it. He did not care where they persecutors come from, and right now the criminal that I am focussing on for bringing to justice in the Court of Public Opinion is the Circuit Judge in the Central London County Court who deprived me of £150 million in damages and compensation against the co-conspirators operating with the University of Greenwich against me. But was really the Circuit Judge processing my Claim E35YM660 against the successive Prime Ministers responsible for the miscarriage of justice or were there forces above him/her that had been doing so; I pondered over for a long time.

Hiding above the Circuit Judge in the Central County Court, the Court of Appeal and the Supreme Court have been two Monarchs, Queen Elizabeth II whom I described two decades ago as being a wicked and evil green witch towards me, ordering my persecution in the United

Kingdom over the 26 years of my suffering defamation and consigning me to the Mental Health Services of the State; the mantle then being handed over to her successor King Charles III in the assumed Divine right of Kings and Queens to rule over the population as Absolute Monarchs. To find out the reality of what I was confronted with I put in place legal procedures to have Queen Elizabeth dethroned in civil and criminal actions including issuing proceedings in The International Criminal Court from where judgment against King Charles III was not given due consideration seemingly because the United Kingdom was a permanent member of the Security Council of the United Nations which had veto powers over what this Court could process. It is for fighting for justice in this manner that the petitioner was intensely persecuted by the State over these years with the employment of the Security Services of M15/MI6 and the Police.

Such criminals need to be brought to appropriate Courts of law to face justice and made to pay appropriate reparations to the victims of their crimes. But the unwritten Constitution allows highly corrupt individuals and businesses to commit crimes with impunity and conduct lesser but nonetheless fraudulent activities that the Police have not the resources or the will to investigate and prosecute perpetrators or are prevented from doing so by the Monarchial Establishment.

A Written Constitution would prevent the Monarchial Establishment from this form of tyrannical persecution of those who campaign for truth, justice and democracy, for these ethics if pursued by the State authorities through political means in Parliament would bring corruption to an end in society. The Monarchial Establishment operated in secrecy manipulating businesses and Media too who have then hoodwinked the public with fake news and propaganda so that they oppressed the petitioner who stood in their way of corrupt practices by employing freedom of expression. Similarly they manipulated the Judicial processes of the State against the petitioner in civil and criminal proceedings as a litigant, which whose personal experience of has documented extensively in his 25 websites and 209 eBooks.

The Monarchial Establishment is nameless and faceless so that the only person one can take issue with is the Monarch himself or herself to flush them out in the open but the public is supposed to believe that Monarchs are immune from the legal processes of litigation, dethronement and impeachment in Parliament, an argument that the Judicial authorities interpreting the unwritten Constitution would then hide behind to deliberately deprive litigants of justice.

The reason that there is no written Constitution in the United Kingdom is that Monarchists facilitate the Monarch to become dictatorial from time to time in the course of history which will be fine if that is what the majority of the population actually wish but it should be explicitly documented into a Written Constitution. People are then fully informed on what to expect from their government.

The change from unwritten to a written Constitution will not enable the Head of State to discharge his or her duties secretly from behind the scenes away from the public eye. The role of the Constitutional Head of State should be hereditary from the existing Royal Family but Parliament's Select Committee for Public Administration and Constitutional Affairs (PACAS) will decide the appropriate document for voting in both the Chambers of Parliament on what it should be whether limited as proposed by TCLP-UK to be a Cultural Monarchy or having unlimited powers. The composition of this Select Committee should be 24 members, 12 each from the House of Commons and House of Lords. Each chamber of Parliament must have an internal Vote on the individuals who are selected to represent this Select Committee.

The Written Constitution must clearly outline the relationship between the Ceremonial Head of State and the Parliament at both House of Commons and the House of Lords.

The Written Constitution should be put to a Yes/No referendum of the population initially; and if there is a Yes decision from the electorate to have a Written Constitution all subsequent amendments to the Constitution when these take place through Parliamentary approval first must go to another referendum.

The Written Constitution should be prepared by the Select Committee who will be charged with this role, and document prepared must be subjected to a vote in the House of Commons chamber and then in the House of Lords before going to referendum.

The Head of State will continue to be known the 'His or Her Majesty'.

The Speaker of the House of Commons will be solely responsible for all the technical proceedings of each Chamber, not the Lord/Lady President who will never enter these Chambers for ceremonial functions. The Royal Assent to the current outline of the Executive's work to the Monarch in the House of Chambers will therefore be abolished.

The amendment to the present unwritten Constitution of the United Kingdom will therefore obtain clarity on the functionality of the State so that government officials are made accountable to the public at large, as these will be available to Courts to enter judgments in a written Constitution. Right now the Security Services can perpetrate tyranny on the people and the citizen has no chance of success in attempting to litigate and prosecute the police in the courts. Similarly one cannot litigate or prosecute the Prime Minister for causing untold misery to individuals because he or she is protected by the force of a dictatorial Constitutional monarchy secretly operating through preventing people knowing the relationships between the Monarch and the Prime Minister, the Security Services incorporating the Police, the Civil and Criminal Courts of the State, and the regulatory authorities at the Legal Ombudsman, the Parliamentary and Health Service Ombudsman the Solicitors Regulation Authority, the Bar Standards Board and the Financial Services Ombudsman. These inter-relationships need to be identified and set in stone through a Written Constitution for which the PACA Select Committee will have responsibility to undertake the task outlined through this parliamentary petition from the public.

### ***National Anthem***

The national anthem will be rewritten along the lines of nations internal functions nationally and its devolved and dependent territories and objectives of the people in strengthening the nation.

### ***Composition of the Houses of Commons and Lords***

Thus, whereas the House of Commons would be a political chamber involving political parties, the House of Lords will be apolitical comprising of independent peers only and no hereditary peers.

The Royal Board will sift through applicants wishing to be Members of the Revision chamber on their qualifications which must be a minimum of Upper Second-Class Undergraduate degree in any discipline followed by 15 years of work experience. Thus the peers would be a minimum of 45 years of age and all-inclusive otherwise of differences in gender, race, religion, sexual orientation and marital status.

### ***The Anglican Church***

The Head of State, Cultural Monarch will remain as the Head of the Anglican Church.

### ***Mental Health***

The Mental Health Institution should be incorporated within the Law Enforcement Process and subject to explicit and reformed basis upon which the Mental Health Act is operated without recourse to the Law that is presently constituted and operates on the basis of. Every decision of Consultant Psychiatrists and Mental Health professionals should be subjected to the Mental Health Tribunal before Sectioning of an individual takes place in the committal of the person to a mental hospital.

### ***Department of Justice***

The Civil and Criminal Courts will remain as the currently operate with the State Prosecution Service under a Department of Justice with the Supreme Court being solely the third level of civil and criminal proceedings under Appeal through the Court of Appeal brought to it by litigants and private prosecutions against all including the institutions of the State such as the Police and the rest of the Security Services such as M15/M16. The Courts must not interfere in the democratic process of the government in terms of day-to-day decisions and the enactment of laws. Thus the Courts and Tribunals will continue to be referred to as His or Her Majesty's Court and Tribunal Service but Law Enforcement (Police and Prosecution Service) will come under the sole supervision and management of the Ministry of Justice.

### ***Declaration of Human Rights***

TCLP-UK will not join the European Union and will withdraw from the European Court of Human Rights. Instead the Constitution will include a Declaration on fundamental human rights of all citizens which will guide the House of Lords to scrutinise Bills of the Lower House that violate the principles of this Declaration.

### ***Proportional Representation***

The First past the post electoral system for the House of Commons, local Councils and devolved Assemblies must be replaced with a proportional representation system.

### ***Approved ePetition at the Parliament Website***

In the absence of any of the current four political parties submitting these proposals to the due process of the House of Commons and the House of Lords despite detailed consultations, the only route identified by TCLP-UK was to submit a preliminary ePetition to the government and parliament for due consideration. TCLP-UK implemented the following petition.

*What do you want the government to do:*

Have an amended Constitution.

Institute a Select Committee Specially convened for the purpose as I have gone through all other processes of Parliament and it has not received a positive response.

To keep people better informed on who is in charge of procedures of the House of Commons and of the House of Lords, what the functions of the Consultant Psychiatrists, Chief Constables of Police Forces are and who are the officials against whom a citizen can successfully prosecute in civil and criminal courts of the United Kingdom.

Click this link to sign the petition:

<https://petition.parliament.uk/petitions/662817/sponsors/new?token=5E2Eaduj6JGBY6S9rdVV>

If I get 5 signatures, Parliament would have to consider making the petition go live, and if it gets past this hurdle following which 21 signatures are required for an interim decision by Parliament

to TCLP-UK on the Petition and 100,000 signatures would get a reply to TCLP-UK from Parliament expected to be the present PACAS.

TCLP-UK believes that think young people especially should sign the petition. Politics will always be in total shambles in the United Kingdom unless the Constitution is Amended.

### ***Parliamentary Authorities for Queries from the Public***

Parliament at both Houses will be accessible to the population for information and advice and directions on due process should there be concerns through petitions in the government and House of Commons website for open government. The email addresses should be as follows:

contactholmember@parliament.uk

HCEnquiries@parliament.uk

hinfo@parliament.uk

pacac@parliament.uk

### **Public Petitions:**

TCLP-UK has instituted the following two public petitions:

1. <https://www.change.org/p/have-a-written-consitution-in-the-united-kingdom>
2. <https://you.38degrees.org.uk/petitions/develop-the-united-kingdom-into-a-republic>

### **Prior Cross-Party Consultations:**

The petitioner consulted the Reform UK Party, the Labour Party, the Liberal Democrats Party, the Conservatives and Unionist Party, the Green Party, the Scottish National Party and Plaid Cymru with the full details of this Policy proposal for the House of Commons between 30 June 2024 and 8 July 2024, but none of these Parties would comment on whether there were any objections, concerns or support for Cross-party Petition. Similarly Peter James Cook, a local Independent candidate requested the petitioner to leave him out of the discussions.

This early evening I was smoking a cigarette in the front driveway and car was stuck in the traffic right in front of our house that blew its horn and I saw Paul Tiwana in the drivers seat. I rushed down to greet him; shook hands. I said that I had missed him. He asked: How is your mental health? I said it was very dodgy – I am on 8 tablets in the morning and 2 at night. The traffic started moving and he said that he has got to go. So he drove off.

What happened to Claim E35YM660? Is it still adjourned from 20th January 2023? The State-authorities are patiently biding their time to spring something on me in terms of legal proceedings. That is the only answer to all these probing persecutions, so I am staying perfectly still now and will build on this document for any Hearing that takes place on Claim E35YM660 or criminal proceedings that it subjects me to. Nothing more will be published.

Dear Dr Uwuseba

Mr Shantanu Panigrahi

Primary Address: 3 Hoath Lane, Gillingham, Kent, ME8 0SL

**Diagnosis**

-Paranoid schizophrenia

**Current medications:**

-Risperidone 4 mg nocte  
-Sertraline 150 mg daily  
Depakote 500 mg morning and 750 mg nocte  
-Aripiprazole 5 mg daily

**Review:**

It was nice seeing Mr Panigrahi in company of his wife in my clinic at Britton House on the 22nd of April, 2024. He reported that he is almost always anxious and agitated. He continues to be paranoid, believes people are out to harm him. His wife tells me that he misinterprets things and believes much in conspiracy theories. He is worried that we are planning to discharge him back to GP. He was reassured when I told him that we have no plan to do that at the moment. His wife hinted that she had to come with him, otherwise he would not have come on his own as he believed that something bad would happen to him. He believes that people are terrorizing him. He informed me that his case with the police is settled and that he has no case to answer. He is compliant with meds and appears to be willing to continue taking treatment from us. He no longer believes that his schizophrenia has been cured. He has had about 7 sessions of psychotherapy privately and not sure whether it was helpful or not.

He lives with his wife and daughter and is unemployed. He smokes about 15 cigarettes a day, says he does not enjoy it, but indulges in it due to boredom. He denies any use of illicit drugs or alcohol.

On mental health examination, he appeared casually dressed and tidy. He was very restless especially in his legs, but did engage well with me. His speech was fairly normal and coherent and he did explain his current symptoms reasonably alright. He definitely was a lot more co-operative and amenable and did not engage in arguments as was the case when I spoke to him on phone previously. He was not acutely unwell and no expression of thoughts of self-harm. He wants to get well and is willing to continue taking treatment. He did not appear to be vulnerable but could be when acutely unwell due to paranoia or being in delusional state. His insight around the illness has improved and he does have capacity to give informed consent on his treatment. I have given him a script for procyclidine 5 mg to be taken thrice a day and aripiprazole 5 mg daily, advised to continue with other meds as prescribed, and GP to please continue to give repeat scripts. He will be seen again in 3 months.

Yours sincerely

So disappointing what has happened. I know the feeling. I was intending to move ahead with external support with this: <https://www.thelibertariandemocrats.com/forum/peter-cook-independent/re-cross-party-support-for-a-written-constitution-in-the-united-kingdom> but it wasn't to be. Ah well as the say all the plans of men and mice gang aft a gley or something. Time to move on.

I received the below email into my shantanupanigrahi@yahoo.com Email Account but the Email account that I am registered with Stripe on is the one that I am sending this response from, that is shanpanigrahi3000@gmail.com.

I believe that I have responded to your query already as attached (ToStripeCaseReference 14419132-The Conservative Libertarian Publications Limited)8Jul2024.dox) so am assuming that there have been some crossed lines between us.

I also know from checking my Dashboard that the £9.30 is scheduled to be paid out to my Nat West Account by Stripe on 12 July 2024.

I trust that this information is relevant.

Shantanu, how should the UK train talent for the EV transition?

Hi Shantanu,

I'm Sam Shead, an editor at LinkedIn News UK. I often get in touch with professionals who can add informed perspectives on news and trends.

The UK has registered over a million electric vehicles (EVs) and seen an annual growth of 21% in battery EVs over the past year, positioning it as a leading country in both numbers and exports to the United States. This means an increase in the demand for EV-related skills, according to LinkedIn data.

From your perspective, does this represent more job opportunities for automotive professionals? What does it take for the UK to be ready for the powertrain revolution? Check out our latest Green Skills report to learn more and share your thoughts in the comments.

### Which skills should EV professionals build?

Thanks! Looking forward to reading your insights.

 Dear Peter

I have come to realise the value of independence of thought and actions: you have your own personal agenda and I respect that. I too am an internationalist intent on breaking down barriers, so would like closer relations with the European Union and the rest of the world. However, one needs to bring one's own house in order before contemplating whether or not the United Kingdom rejoins the European Union again. This is what I am doing with the assistance of Reform UK Party: to reform the Constitution of the United Kingdom and I have provided you with a tentative perspective on what could be the starting point of the debate that could be had. I do not impose my values and ethics on anyone, let alone the State of the United Kingdom and the Constitution of TCLP-UK remains a 'Work in Progress' until cross party support is attained.

I respect your decision not to take any further part in the development of a Petition, which I will most definitely institute with or without the agreement of the Reform UK Party given that it has once again not acknowledged the email that I sent it this morning as attached:  
 Toinfor@reformpartyuk(Message from Gmail and Yahoo Accounts remains blocked)9Jul2024.docx.

I will definitely also consider incorporating a short paragraph entitled 'Joining the European Union and International Relations' to the Policy proposal if you can in 150 words give me a summary of your vast knowledge of the benefits to the United Kingdom from Rejoining.

Yours sincerely

Shantanu

Subject: Re: CROSS PARTY SUPPORT FOR A WRITTEN CONSTITUTION IN THE UNITED KINGDOM

Dear Peter

I have come to realise the value of independence of thought and actions: you have your own personal agenda and I respect that. I too am an internationalist intent on breaking down barriers, so would like closer relations with the European Union and the rest of the world. However, one needs to bring one's own house in order before contemplating whether or not the United Kingdom rejoins the European Union again. This is what I am doing with the assistance of Reform UK Party: to reform the Constitution of the United Kingdom and I have provided you with a tentative perspective on what could be the starting point of the debate that could be had. I do not impose my values and ethics on anyone, let alone the State of the United Kingdom and the Constitution of TCLP-UK remains a 'Work in Progress' until cross party support is attained.

I respect your decision not to take any further part in the development of a Petition, which I will most definitely institute with or without the agreement of the Reform UK Party given that it has once again not acknowledged the email that I sent it this morning as attached:

Toinfor@reformpartyuk(Message from Gmail and Yahoo Accounts remains blocked)9Jul2024.docx.

I will definitely also consider incorporating a short paragraph entitled 'Joining the European Union and International Relations' to the Policy proposal if you can in 150 words give me a summary of your vast knowledge of the benefits to the United Kingdom from Rejoining.

Yours sincerely

Shantanu

Dear Sumit Shukla

I only do what my Mentor and Coach (Peter James Cook) advises me to do (see attached: FrPeterCook(ReadRebootMentoringCoachingAdvice)9Jul2024.docx because I am a mental patient of His Majesty King Charles III (under mental health medications in the morning and at night before going to bed) suffering for 26 years from paranoid schizophrenia, persistent delusional disorder and a split mind diagnosed by my psychotherapist Jill Jesson whose charges of £60 per Zoom Session were too exorbitant for me with my pensions income so I discontinued with her, and also I do not any longer get enough emotional support from the Samaritans.

I am reading Reboot Britain which will take me some time to digest as I was a Brexiteer once.

I hope you understand.

Terms and Conditions

By participating in PayPal's "Invite Friends" offer (the "Programme"), you agree to the following terms and conditions ("Terms"). Under these Terms, if you are the person inviting people to join PayPal you are a "referrer", and if you are a person who receives such invitation, you are a "referee."

1. Offer Period. The Programme starts at 12:00:00 a.m. British Summer Time on 05 July 2024 and ends at 11:59:59 p.m. Greenwich Mean Time on 31 December 2024 the ("Offer Period").

2. Redemption Period: Rewards should be visible in the "Offers" section of your Valid Account (defined below) within approximately 14 days (fourteen) but may be available sooner. The Reward will expire on 31 March 2025 ("Redemption Period").

3. Eligibility and overview. To be an eligible participant (an "Eligible Participant"), each participant must: (1) be eighteen (18) years of age or older; (2) be a resident in the United Kingdom; (3) have a United Kingdom personal PayPal account in good standing (a "Valid Account") during the Offer Period and Redemption Period; and (4) receive an authorised invitation to participate in the Programme (eligibility for those who receive such invitation will be determined solely by PayPal). The Programme is limited to participants who successfully claim the Reward (as defined below) on a first-come, first-served basis. For the purposes of this paragraph, "good standing" shall mean the Eligible Participant is not in breach of the Terms and the User Agreement, and will continue to comply with the Terms and the User Agreement for the duration of the Programme.

4. How it works. A referrer may refer a referee via the referral mechanism in the PayPal app or on PayPal.com. The referrer can claim a maximum Reward of £100.00 GBP (one hundred pounds) for a maximum of 10 (ten) referees during the Offer Period that satisfy the following "Reward Criteria": referees must (i) access and complete the PayPal sign up process; (ii) link their bank, credit card or debit card to their PayPal account; (iii) verify their mobile number linked to their PayPal account; and (iv) complete an Eligible Transaction within the first 30 days of completing the PayPal sign up process (defined below).

5. Eligible Transaction. An "Eligible Transaction" means: (a) an online PayPal checkout payment of £5.00 GBP (five pounds) or more using the referee's new PayPal account that is marked as "complete" in the referee's Valid Account; or (b) a person-to-person payment of £5.00 GBP (five pounds) or more using the "Send Money" feature in their PayPal account (sent to anyone other than the referrer) using the referee's new PayPal account that is marked as "received" by the recipient. Transactions that have been cancelled, refunded, or reversed by either the referee, referrer, or the seller do not count as Eligible Transactions.

6. Reward. The reward amount is £10.00 GBP (ten pounds) (the "Reward"). Once the steps described above are completed and verified, the Reward will be made available in the Eligible Participant's Valid Account within approximately 14 (fourteen) days of the referee satisfying the Reward Criteria. Eligible Participants will also receive an email informing them when the Reward is available in their Valid Account. During the Offer Period, there is a limit of 1 (one) Reward per referee Valid Account and 10 (ten) Rewards per referrer Valid Account. If two or more referrers invite the same referee, PayPal will credit the Reward to the person who sent the first referral invitation, as determined in PayPal's sole discretion. The Reward does not constitute electronic

money, is not deemed part of your PayPal balance, has no cash value and cannot be redeemed for cash, used to purchase gift cards or transferred out of the Eligible Participant's Valid Account. The Reward is separate and different to PayPal balance. Should the total purchase amount exceed the Reward value, then you must add a payment method to your Valid Account in order to fund any remaining balance and redeem the Reward.

7. Referrals. You must only refer family and personal friends and acquaintances to the Programme and must obtain their prior consent before sending the referral. You must not publish or distribute the invitation to participate in the Programme that you received from PayPal in public locations (online or otherwise) where the audience is likely to include people who are not your family or personal friends/acquaintances. You may not refer yourself to the Programme. If you do so, PayPal may disqualify you from participation in the Programme and any successful referrals will be void, in PayPal's reasonable discretion.

8. Receiving and using Rewards. A Valid Account must remain in good standing from the time of participation through Reward fulfilment, as reasonably determined in PayPal's reasonable discretion. Subject to giving reasonable notice to the relevant Eligible Participant where possible, PayPal may provide an alternate Reward of equal value if it is unable for any reason to fulfil the Reward. PayPal reserves the right to limit, cancel, suspend or modify this Programme in part or in its entirety at any time. If we do so, we will provide you with reasonable notice. PayPal reserves the right to review any account or transaction related to this Programme, for any reasonable cause and upon such notice as is reasonable under the circumstances without notice, and delay completion of the Reward. Before delaying or cancelling the Reward, PayPal will give the Eligible Participant reasonable prior notice, where possible and practicable, and the possibility to object to the decision. If item(s) purchased using a Reward are returned and the Reward has expired, PayPal will first refund the money spent to the payment method used to complete the Eligible Reward Purchase and purchase amount in excess of the money spent (i.e. the value of the Reward) will not be refunded. If the Reward Redemption Period has not expired, the value of the Reward will be returned to the Offers section of the Valid Account and will be available for use by the Eligible Participant up until the Reward Redemption Period. Similar offers may run at the same time; qualification for this Programme does not constitute qualification for any other offer. PayPal is not responsible and/or liable if any e-mail, Reward, purchase, referral or Programme-related materials or correspondence are lost, fraudulent, stolen, late, incomplete, illegible, interrupted, delayed, altered, defective, misdirected, tampered with, or irregular in any way or if any Eligible Participant's e-mail address, Valid Account, or other contact information does not work, is deleted, or is changed without participant giving prior written notice to PayPal. The Programme is void where prohibited or if the Eligible Participant's account or transactions are fraudulent, abusive, not completed through legitimate channels, or irregular in any way. Certain offers may not be transferable. Participants may and obtain access to a copy of the PayPal's privacy policy available [here](#) or contacting PayPal if they have questions or requests about the exercise of their rights, privacy and data protection. Any questions relating to the offer will be resolved in PayPal's reasonable discretion and its decisions related to the offer will be final and binding.

9. Governing law and jurisdiction. These Terms are governed by England and Wales law. By participating in the Programme, entrants agree to be bound by these Terms and the User Agreement. The courts of England shall have non-exclusive jurisdiction to settle any dispute or claim arising out of or in connection with these Terms and Conditions. This does not limit your rights under mandatory statutory consumer protection regulations and for you to bring proceedings before the courts of the place where you are domiciled.

10. Promoter. Marketing services are provided by PayPal Pte Ltd, a company incorporated in Singapore, with registered number 200509725E and registered address at 5 Temasek Boulevard, #09-01, Suntec Tower Five, Singapore 038985. Rewards are issued by PayPal UK Ltd, a company authorised and regulated by the Financial Conduct Authority (FCA) as an electronic money institution under the Electronic Money Regulations 2011 for the issuance of electronic money (firm reference number 994790), in relation to its regulated consumer credit activities under the Financial Services and Markets Act 2000 (firm reference number 996405) and for the provision of Cryptocurrency services under the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017 (firm reference number 1000741). Dear Sumit Shukla

I only do what my Mentor and Coach (Peter James Cook) advises me to do (see attached: FrPeterCook(ReadRebootMentoringCoachingAdvice)9Jul2024.docx because I am a mental patient of His Majesty King Charles III (under mental health medications in the morning and at night before going to bed) suffering for 26 years from paranoid schizophrenia, persistent delusional disorder and a split mind diagnosed by my psychotherapist Jill Jesson whose charges of £60 per Zoom Session were too exorbitant for me with my pensions income so I discontinued with her, and also I do not any longer get enough emotional support from the Samaritans.

I am reading Reboot Britain which will take me some time to digest as I was a Brexiteer once.

I hope you understand.
